Prior authorization is required for non-parenteral vasopressin derivatives of posterior pituitary hormone products. No PA is required for members 6 years of age or older when dosed within established quantity limits for desmopressin acetate tablets. Payment for preferred non-parenteral vasopressin derivatives of posterior pituitary hormone products will be authorized for the following diagnoses: 1. Diabetes Insipidus, 2. Hemophilia A, and 3. Von Willebrand's disease.

Requests for desmopressin nasal spray for the treatment of nocturnal enuresis will not be considered. Payment for non-preferred non-parenteral vasopressin derivatives will be authorized only for cases in which there is documentation of trial(s) and therapy failure with the preferred agent(s). Please refer to the Selected Brand-Name Drugs prior authorization form if requesting a nonpreferred brand-name product.

Preferred
☐ Desmopressin Nasal Spray
☐ Desmopressin Tablets

_____
_____

Reason for use of Non-Preferred drug requiring prior approval: _____
_____

Attach lab results and other documentation as necessary.

Prescriber signature (Must match prescriber listed above.)	Date of submission

IMPORTANT NOTE: *In evaluating requests for prior authorization, the consultant will consider the treatment from the standpoint of medical necessity only. If approval of this request is granted, this does not indicate that the member continues to be eligible for Medicaid. It is the responsibility of the provider who initiates the request for prior authorization to establish by inspection of the member's Medicaid eligibility card and, if necessary, by contact with the county Department of Health and Human Services, that the member continues to be eligible for Medicaid.*
